KIKUI KAZUO PARTY IN NEWYORK

Kikui Kazuo held the first one-man exhibition in the Penthouse of the Chelsea Hotel in NY, and released his own brand "KIKUI KAZUO" to the media. At the same time, he held a party to invite local people from media.

At the Chelsea Hotel, luminaries like O. Henry, Andy Warhol used to gather, and survivors of Titanic have stayed there in the past. Now, the hotel is often used by celebrities like Madonna, and also used for shooting of a film. Thus, the hotel has enormous historical and cultural value.
